BOARD OF HEALTH.

Hospital at Hilo to Be Built at Once.

All the members were present at yesterday's meeting of the Health Board. There was a great deal of routine business disposed of.

Dr. Monsarrat reported that he had discovered and killed two cows affected with tuberculosis. They were owned by private parties. He also reported the willingness of different dairy owners to have their cows inspected.

Fathers Jenkins and Hancock, residing at Waihee, were granted permission to accompany the Board on their next official trip to Molokai.

Dr. McWayne's resignation as agent of the Board of Health at North Kona was accepted.

Dr. Moore was appointed Government physician at Hilo, succeeding Dr. Williams, resigned.

On recommendation of Health Agent Reynolds \$1000 was voted to make necessary repairs to Malulani hospital at Wailuku, Maui.

Mr. Reynolds was authorized to go to Hilo by next Kinau and make arrangements for building the new hospital at that place. The cost must not exceed \$2,500.

The custom house asked for a ruling on opium pills imported into the country. Importations were restricted to pills showing not more than 1 1/2 per cent of morphine or its equivalent in crude opium or any preparation of opium on presentation of a special permit from the secretary of the Board.

The Board then went into executive session.

MIDNIGHT PROWLER.

There was great excitement about the Hawaiian hotel about midnight last night. A man, supposed to be a burglar, attempted to effect an entrance to the apartments on the second floor occupied by Mrs. C. Fairchild, of Galveston, and her niece, Miss Beesley. The ladies were awakened and screamed with terror. The prowler leaped to the ground and disappeared in the shrubbery before the arrival of a score or more of gentlemen guests, who had been awakened by the alarm and rushed to the rescue.

HONOKAA ALL RIGHT.

A block of stock amounting to 562 1/2 shares of the Honokaa plantation has recently been sold for \$70,000 and a later sale yesterday was made at the rate of \$165 per share. This looks as if the people who have money have a very thorough appreciation of the value of sugar securities.

"EVERY LITTLE HELPS."

The very smallest reduction made on staple dry goods at Kerr's means a great deal to purchasers. We are at present supplying about three-fourths of the population of Honolulu with dry goods, and are now straining a point or two to catch the remaining fourth. Will you help us to do it?

HILO HOSPITAL A FACT

DESCRIPTION OF THE BUILDING TO BE ERECTED.

Executive Officer Reynolds to Proceed to Hawaii on Next Kinau—Work on Building to Commence in Ten Days.

C. B. Reynolds, executive officer of the Board of Health, will leave for Hilo on the next steamer to select a site for the new government hospital to be erected there, and to commence building operations. President Smith, of the Board, while on a visit to Hilo a few weeks ago looked over the available sites, and will be able to give Mr. Reynolds some valuable advice as to the best location.

As the appropriation for the building is only \$2500, the Board will not be able to erect a very large hospital, but they have planned to use the available money in such a way that it will build a structure that may be added to from time to time as the needs of the community increase, and the Republic is better able to expend the money. All of the appropriation is available for building, as the Hilo people have expressed a willingness to furnish the hospital from top to bottom.

The architects' plan show a plain frame building, one story in height, with a broad veranda on three sides, the interior cut up by broad hallways, which extend from front to rear and from side to side, giving the rooms that open form and affording them plenty of ventilation. The medical ward will be 26x12 feet, and will contain seven cots. There are, besides, three private rooms, each 9x12 feet, for patients who can afford to pay. The surgery and dispensary are in front and also the nurses' living quarters. In the rear are the dining room, bath rooms, etc., and the kitchen is to be in an outhouse. The cross halls are so arranged that they can be extended into any new building. When additions are made to the hospital, the frontage of the old building will remain as part of the frontage of the new.

Mr. Smith thinks that he will have to ship the lumber from here, but that the labor can be secured at Hilo. He wants to commence building within ten days, and will push matters so that the structure will be completed and ready for occupancy within thirty days from the commencement of the work.

TORN TO PIECES.

Mauna Loa Brings News of a Frightful Death.

The Mauna Loa, Captain Simerson, arrived at 2 p. m., after an uneventful trip, with 3493 bags of sugar, 216 bags of coffee and a big load of passengers. She had such scant space to dock that the bowsprit of the Mikahala, lying astern fouled the stern rail of the upper deck, carrying away several stanchions.

Captain Simerson reports that on Wednesday afternoon a Portuguese woman fishing off Kailua fell out of the boat and was immediately torn to pieces by sharks in the presence of a number of people. Her name was not obtainable. Following is the list of passengers from the volcano and way ports: C. F. Johnson, C. Kaiser, J. D. Paris, J. Maguire, A. Ahlborn, J. J. Newcomb, Henry Martin, Mrs. C. B. Wood, D. Center, Max Eckhart, Mrs. J. Richardson, Mrs. Roden, Miss Mary Roden, J. F. Allen, F. S. Bickerton, Mrs. Ahlborn and fifty-eight deck passengers.

CIRCUIT COURT.

Emma A. Nawahi has petitioned to be appointed guardian of her minor children, Albert and Alexander Nawahi.

Judge Perry is presiding in the Circuit Court today, Judge Carter being engaged in hearing the Dimond contempt case.

Luahalei, charged with larceny of a watch, appeal from District Court, is being heard by Judge Perry and a native jury.

Akoni was sentenced by Judge Perry this morning to imprisonment at hard labor for three months and fined \$200. He was found guilty of distilling liquor.

Moepono, same offence, sentenced by Judge Carter to five months and \$100 fine.

MAY PLAY BASE BALL HERE

AUSTRALIAN TEAM AND HONOLULU BOYS TO CROSS BATS.

Talk of a Series of Games Between Local and Colonial Players—Harry Musgrove Will Arrange for Games.

The local ball players may be given an opportunity to try conclusions with the All-Australian Club that is shortly to attempt the conquest of the United States. Harry Musgrove, the Australian manager, who was a passenger on the steamer Alameda, on his way to Chicago to arrange for the American tour, spent a few hours in the city yesterday, and went away impressed with the idea that if the local ball teams could be interested in a series of matches it would pay well for him to stop over a steamer on the islands.

When he arrived in Honolulu Mr. Musgrove had never given the matter a thought, but a chat with some chance acquaintances, who are base ball cranks, set him to thinking and to asking question. He soon learned that Honolulu can boast of some fine amateur teams and that the sport is sufficiently popular to warrant a large attendance when good, clean cut, amateur sport is offered. The question of "gate receipts" is of importance to Manager Musgrove, for he must make the trip pay expenses, but he went away convinced that a week's stay in Honolulu would prove a success from a financial standpoint. He did not have time to call upon various managers of teams, but promised to open up a correspondence with them if he succeeds in arranging the American tour, and finds that he can spare a week or ten days here with his team.

The base ball season will be in full blast in the near future, and promises to be an unusually interesting one. If the Australians decide to visit Honolulu a special team could be picked from the leading nines, to do battle with them. In case victory perched upon the banners of the local team, and then the Australians won honors in the States the matter would bring Honolulu ball players into international prominence. The Australian team will be made up of gentlemen who engage in the sport purely for the sake of the sport, whose amateur standing cannot be questioned.

THE FAREWELL CONCERT.

Madame Marquardt Will Appear for the Last Time.

The Graham-Marquardt farewell concert will take place at the theater on Monday evening. Those in charge of the affair are working hard and promise a program that will please. The latest volunteer is Lieut. Slater, of the Icarus. He possesses a sweet tenor voice. Mr. Gillig will furnish several new ballads; among them is "Astoria." Miss McGrew and Mr. Graham will sing a duet and Jamie Wilder will furnish something in the way of good entertainment.

The concert marks the last appearance of Madame Marquardt in Honolulu. This little lady has any number of admirers in this city. Her playing is always appreciated by music-lovers. She will render some artistic selections.

BANKER FROM SPOKANE

VIEWS OF A VISITOR ON HAWAIIAN AFFAIRS.

Mr. Hoover Is Charmed With Honolulu and Says It Is an Ideal Winter Resort—Thinks Annexation Will Come.

President J. Hoover, of the Exchange Merchant's National bank of Spokane, Wash., is a distinguished visitor in Honolulu, having arrived by the Australia. Mr. Hoover is staying at the Hawaiian and his plans are to return to the States by the Australia next week.

"I am just on a little pleasure jaunt," said Mr. Hoover this morning. "Desiring to get away from my business for a brief time I went to San Francisco and afterward concluded to take a run down to Hawaii. During the two days that I have been here I have seen much of your city and must say that the metropolis of the Hawaiian Islands far exceeded my fondest expectations.

"It is my regret that I cannot remain longer. But I am coming again soon. You have undoubtedly got the ideal winter resort of the world and some judicious advertising would surely bring an exodus of tourists to the country. The majority of people who are able to travel do not know where to go. It was by mere chance that I came down here and I found just what I was after. There was a number of Spokane people who were anxious to take an ocean voyage and would have all been down here with me had we known anything of Honolulu. This is bound to be a garden spot for pleasure seekers in the next year or so.

"There is one little drawback which the business man takes into consideration. Hawaii is shut off from the outside world. Generally, it is the desire of the average business man to be in close communication with his business. But from what I can gather it would seem as though this difficulty will be obviated before the close of the century by the laying of a cable from some point on the Pacific ocean."

"What do you think of annexing the Islands, Mr. Hoover?"

"They are excellent. I have given considerable attention to the absorption of Hawaii by the United States and I am an enthusiastic supporter of the movement. My idea would be to secure a solid delegation from California or the Pacific coast to present the claims of Hawaii to Congress. The country being in direct communication with the Coast States, both in commercial and other ways, Congress will be almost obliged to recognize the petitions of such a delegation. It was the Coast delegation that first brought the Chinese question to the attention of Congress and afterward made a successful issue of it.

"Senator Wilson of Washington is a particular friend of mine, and I know that he is in line for the annexation of these isles. When I left home the Washington Legislature was in session and balloting for a United States senator to succeed Senator Squire, Judge Turner of Spokane was in the lead, and it is very probable that he will be the choice. W. C. Jones and Hamilton Lewis are the Congressmen. The entire Washington delegation, I believe, will be found fighting for annexation when the question is brought to an issue."

"And you ask how I know this," continued Mr. Hoover.

"Because for the simple reason that their constituency is for annexation pure and simple. Those people who have given the matter any thought at all are decidedly for annexation. This sentiment is popular and growing and to oppose it a Senator or Congressman would be arranging for his own funeral. It is my firm belief that annexation is bound to come, providing it is the wish of this Government to become a part and parcel of the Great Republic."

Mr. Hoover is a prominent Democratic politician of his State. He tendered his influence to secure the election of both the present Congressmen and is a warm supporter of Judge Turner.

THE VERISCOPE.

The Veriscope will be exhibited at the theater this evening for the first time in this city. The curtain rises at 8 o'clock. One of the features to be presented, is the great New York Republican parade. Thousands of spectators are seen enthusiastically cheering, as the different associations march by many famous faces are shown. Numerous brass bands are seen, and it will make a very interesting sight and prove worthy of witnessing.

KINDERGARTEN AFFAIRS

SUPERVISORS OF THE ASSOCIATION MEET THIS MORNING.

The Good Work Assisted by a Valuable Gift—Ladies Furnish Money for New Chairs—School at Ewa.

Tomorrow morning the ladies who are serving on the directory of the Kindergarten Association will go to Ewa to open the new plantation Kindergarten at that place. A number of Japanese and Chinese Kindergarten children will be taken from the city for the purpose of assisting the ladies in getting the school started.

The supervisors of the Free Kindergarten Association were in session in Queen Emma hall this morning. Mrs. C. M. Hyde, the president, stated that Mr. J. B. Atherton had donated an Ewa plantation bond amounting to \$1,000 to the new Portuguese Kindergarten building fund. The ladies at once sent Mr. Atherton a vote of thanks for his liberal donation and made him a life member of the association.

The Hawaiian Board has donated the use of a lot adjoining the new Portuguese church on Miller street, for the new Kindergarten. A committee, consisting of Mrs. A. F. Cooke, Mrs. C. M. Hyde, Mrs. T. H. Hobron and Miss Frances Lawrence, was appointed to confer with the Hawaiian Board committee on the matter of selecting the required land.

The Palama Kindergarten, in charge of Miss Buckley, made an excellent report. This Kindergarten has been open but a brief while and yet there are seventy-two children attending.

It was mentioned that the Palama school was in need of chairs. Mrs. W. F. Allen, Mrs. S. M. Damon and Mrs. Wm. G. Irwin at once made up \$50 to purchase the needed furniture. A donation of \$20 was made by Mrs. J. T. Waterhouse, Mrs. C. M. Hyde, Mrs. S. M. Damon and Mrs. D. P. Birnie for chairs to be placed in the Hawaiian room.

HOSPITAL TRUSTEES.

Changes Made in the Board of Trustees Today.

The Board of Trustees of the Queen's hospital, at a meeting this morning, adopted resolutions of sympathy for the family of the late John H. Paty.

Senator Henry Waterhouse was chosen treasurer of the Board to fill the vacancy caused by the death of Mr. Paty. Mr. George W. Smith was elected secretary to succeed Mr. E. A. Schaefer, who was made vice president by President Dole.

Dr. Raymond was admitted to membership on the Honorary Board of Physicians.

MR. UMBSEN DEPARTS.

G. H. Umbesen, the San Francisco real estate man, left for home on the Alameda yesterday, after a stay of several weeks in the islands. He came here broken in health from overwork, as the result of acting as receiver for the insolvent firm of O'Farrell & Co., but returns home a well man. Mr. Umbesen left Honolulu with regret, as he has made many friends here.
